**Subject:** Demonstration / Downtown LA - 10/6/2016

Dear Valued Clients and Directors -

Please be advised that we have received confirmation that CCEA the group that usual targets banks for foreclosures will be out today targeting Wells Fargo due to recent events in the news.

They have listed multiple targets on their private Social Media page all in the Downtown Los Angeles Area.

As a reminder, this group will forcibly attempt to enter lobbies through any means possible. If they are able to gain entry they will sit down and cause disruptions using noise amplification devices and or walking in front of tenants or visitors looking for assistance.

In the event they breach a lobby, LAPD will engage but only if a Private Person's Arrest form is signed by a property ownership representative.

It is expected that the group will be in the Downtown area around 11:00 am and will be looking to breach a lobby. If they are unsuccessful it is expected they move on to alternate locations looking to gain access. We expect some media to be in the vicinity and are expecting potential Civil Disobedience.

LAPD, DCBID, and Allied Universal will be monitoring and will send updates as available.

Thanks,

Banyon Hutter
